

November 11, 2020

Dear School Community,

Case Preparatory Academy is committed to the safety and health of our students and staff. We want to inform you that that we have recently received information that someone from your child's classroom tested positive for COVID-19. We are working closely with the Summit County Health Department and anyone identified as a close contact will be notified by the health department as a part of COVID-19 investigation.

Cleaning and disinfecting of the exposed 107 South Arlington, Akron Ohio have been completed.

Case Preparatory Academy will remain open at this time.

We ask you to take these steps to continue to be aware of your child's health:

1. As a precaution, consider postponing plans for play dates, family visits, and extracurricular and social activities for the next 14 days.
2. Continue to check your child for COVID-19 symptoms daily: fever or chills, new uncontrolled cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, new loss of taste or smell, sore throat, congestion or runny nose, nausea, vomiting, diarrhea, abdominal pain, new onset of severe headache, especially with fever.
 - If anyone in your household develops symptoms or tests positive for COVID-19, they should immediately isolate and call Summit County Health Department at 330-926-5795. Also contact your medical providers.
 - If NO symptoms develop and you have not been instructed otherwise to quarantine for a different exposure, your child may continue to attend school.

If you have any questions, contact Case Preparatory Academy at 330-394-0485.
